Studeer die 'RAAKVAT'-manier aan Boland Kollege

Boland Kollege is nie net bekend vir sy gehalte Nasionale Sertifikaat Beroepsgerigte (of sogenaamde NSB – NCV in Engels) nie, maar bied ook weer sy kwaliteitprogramme vir diegene aan wat Matriek geslaag het. Aansoeke sluit binnekort en registrasie vind op 12 en 13 Januarie 2011 plaas.

Die goeie nuus is dat Boland Kollege, met kampusse op Caledon, Paarl, Stellenbosch, Strand en Worcester weer natriek programme, die sogenaamde N4-N6 kursusse, aanbied. Die ander goeie nuus is dat hy steeds die bekende NSB-programme aanbied. En die beste nuus is dat daar nog plek is in dié gewilde programme aan Boland Kollege, maar dat dit nou vinnig verminder.

Is jy in die pylvak van jou skoolloopbaan met die moeilike taak van 'n loopbaankeuse wat jou in die gesig staar? Of het jy Graad 9, 10, 11 – of selfs 12 – suksesvol voltooi en is op soek na praktiese opleiding wat jou gaan voorberei vir die wêreld van werk?

Of jy nou 'n bobaas kok wil word, lief is vir die buitelewe of 'n rekenarkundige wil word – Boland Kollege bied 'n verskeidenheid praktiese programme aan. Registreer op 12 en 13 Januarie 2011 onderskeidelik vir 'n Nasionale Beroepsgerigte Sertifikaat (NSB) of Nasionale N-Diploma program van jou keuse.

Sedert sy totstandkoming in 1998, weens die samevoeging van vier onafhanklike opleidingsinstansies, het Boland Kollege uitgestyg as 'n innoverende leier in die opleiding van jeug in die Wes-Kaap. Met behulp van verskeie strategiese vennote bied die Kollege top gehalte geakkrediteerde en koste-effektiewe opleiding aan

op Caledon, Paarl, Stellenbosch, Strand en Worcester, asook by die satelietskampus, Kleinmond.

Boland Kollege se NSB programme bied Graad 9-11 leerders 'n alternatief tot 'n akademiese kwalifikasie deur gefokuste nywerheidsrelevante opleiding binne die Nasionale Kwalifikasie Raamwerk Vlakke 2-4. Hierdie kwalifikasies sluit in Bemarking, Elektriese Infrastruktuur Konstruksie, Finansies, Ekonomie en Rekeningkunde, Gasvryheidstudies, Gemeenskapsveiligheid tot Ingenieurstudies en Verwante Ontwerp, Inligtingtegnologie en Rekenaarwetenskap, Kantooradministrasie, Siviele Ingenieurstudies en Boukonstruksie, asook Toerisme.

Indien jy besig is met matriek of dit reeds voltooi het, oorweeg een van die Nasionale N-Diploma programme in verskeie velde soos: Boerderybestuur, Finansiëlebestuur, Ondernemingsbestuur, Bemarkingsbestuur, Menslike Hulpbronbestuur, Toerismebestuur, Sport- en Bemarkingsbestuur, Gasvryheid- en Spysenieringsdienste, Sekretarieel en Vroeë-kindontwikkeling.

Boland Kollege glo daaraan dat sy studente 'n gesonde gebalanseerde studentelewe moet handhaaf. Daar is 'n wye verskeidenheid van somer- en wintersport om van te kies, sosiale bedrywighede soos die jaarlikse Mnr en Mej Boland

Eksamentyd by Boland Kollege en die laaste feite word gou nageslaan...

Kollege en nog vele meer. Sosiale bewustheid speel ook 'n belangrike rol aan die Kollege – skakel dus in by 'n projek van jou keuse en doen jou deel vir die natuur of gemeenskap.

So, oorweeg praktiese "raakvat"-opleiding aan Boland

Kollege, opleiding wat jou voorsien van beide die kwalifikasie en die lewensvaardighede wat jy nodig het vir 'n suksesvolle loopbaan. Om meer uit te vind, besoek www.bolandcollege.com of skakel jou naaste kampus.

LEZAH GERTZE of the Strand Campus was recently crowned Miss Boland College 2010 and this is her take on the new HR programme being offered at Strand Campus from 2011 onwards. "In a world full of wonderful opportunities, one can only succeed with the help of a great investment in hands-on education as offered by Boland College. The new HR programme, starting next year, should encourage those with great management skills and career ambition to fulfill their potential."

Strand offers something for everyone...

Strand is situated in the Helderberg basin at the foot of the majestic Hottentots-Holland Mountain Range and close to the pearly white beaches and crystal clear waters of the Atlantic Ocean. In this charming area where calming sea and the bustling city meet, lies Boland College's Strand campus. Here students can choose between a variety of full-time and part-time programmes and also breathe the exhilarating ocean air in the new state of the art Engineering buildings.

■ Here you will find something for everyone that will not only enrich your own life, but give you the opportunity to learn new cultures, make life-long friends and create memories that you will never forget.

A firm favourite with both sexes

THE 18 month post matric Management Assistant programme is a firm favourite with both male and female students due to its vast career opportunities. It is offered at all Boland College campuses and the practical components ensure that successful students become successful professionals.

Career opportunities exist in corporate, public and government sectors and subjects covered include Computer Practice, Communication, Office Practice, Business Management and Information Processing. At Strand Campus we pride ourselves in an outstanding pass rate for this particular programme due to amazing lecturers, support staff and dedicated students.

This programme is offered at Strand, Paarl, Worcester, Caledon and Stellenbosch Campuses.

Human Resource Management programme constantly in demand

STRAND CAMPUS is excited to be adding this programme to its list of offerings in 2011. This programme is always in demand as it lays the foundation for a solid, demanding and exciting career in the human resource sector.

Be part of the start of another Boland College success story and enrol for Human Resource Management today. The subjects are comprehensive and include Management Communication, Personnel Management, Computer Practice, Personnel Training and Labour Relations. Also an 18 month course, it is structured over three semesters and provides students with a challenging and exciting career prospect.

This program is offered at Strand, Paarl and Worcester Campuses.

Mixing sport and study...

SUCCESSFULLY!

MARVELLO STEENKAMP (20), a N5 Business Management student at Boland College's Strand Campus, was recently selected to represent South Africa at next year's Touch Rugby World Cup in Scotland. He started playing for Boland in 2007 and recently took part in the SA trials. Marvello was chosen for the SA practice team that consisted of 30 hopefuls from which the 16 man team was selected – and this included a very excited Marvello. "I am absolutely elated, this is a great personal achievement for me, one which I never expected," says the young Boland College hopeful, smiling from ear to ear.

Beauty and brains...

JODI MERTON, N5 Management Assistant Student at Strand Campus, is precisely this. "I really enjoy this course, the lecturers are excellent and I'd recommend it to anyone interested in a successful career in the corporate world". Watch this space!

A programme that offers challenging activities

This year the electrical students visited Eskom, Palmiet and SAM at Caledon as part of their practical experience. If you have a passion for challenging activities that require original thought, sound judgement and absolute discretion, this is the programme for you.

Electrical Infrastructure Construction is a three year programme. You need to have grade 11 or an equivalent qualification with Maths as a subject. The lecturing is in Afrikaans and English, although the textbooks are only available in English.

Students as individuals are important to the College and special attention is given to academic support in order to present outstanding results. Our lecturers also have ample workplace experience.

The campus is located in a safe environment and resident accommodation is available on the campus.

■ It is important to register before 30 November 2010, as classes are rapidly filling up.

Met verkieslik graad 12, hoef jy nie verder te soek nie!
Boland Kollege is waar OPLEIDING IN AKSIE plaasvind!

'SAFETY IN SOCIETY' Net vir jou!

Is jy 'n nuuskierige persoon? Hou jy daarvan om geheime te ontrafel? Hou jy van die buitelig, aksie en om met die publiek te werk? Indien jou antwoord JA is – lees verder.

Aan Boland Kollege kan ons jou drome bewaarheid om vir 'n loopbaan te kwalifiseer wat al bovermelde elemente bevat, en nog meer. Deur die program – Gemeenskapsveiligheid (Safety in Society) – te volg, kan jy self die deure open tot 'n wêreld van geleenthede. Hoe doen ons dit?

Hierdie program strek oor drie jaar en bestaan uit vier beroepsgerigte vakke: Polisie-kunde, Straffreg, Straffregstelsels, Staatsbestuur en drie fundamentele vakke: Wiskundige geletterdheid, Lewensoriëntering (wat rekenaargeletterdheid insluit), Afrikaans of Engels

Die program bied beroepsgeleenthede in die SA Polisie, Korrektiewe Dienste, Metropolisie, Verkeerspolisie en selfs privaat veiligheidsinstansies.

Gekwalifiseerde en toegewyde dosente sal jou wys hoe om "geheime" te ontrafel en om misdaad te bekamp en te ondersoek, hoe die howe funksioneer, wat die mandaat van Korrektiewe Dienste is en op watter wyses en vlakke die regering (staat) die land bestuur.

Hierdie program word by die Caledon en Worcester Kampusse aangebied.

Bradley Potberg, 'n vlak 2 student in gemeenskapsveiligheid op die Caledon Kampus, hou tans die rekord in die Wes-Kaap vir die fiksste student in dié program. Die BMI-toets word deur die polisie self by die kampusse afgeneem en Bradley het die betrokke toekenning ontvang. Moenie bekommerd wees indien jou fiksheid nie op standaard is nie, ONS SAL JOU ONDERSTEUN!

Hier ontvang Bradley 'n toekenning van kolonel Collins van die SAPD. Agter staan Marietjie Botha (dosent) en Johan Calitz (Fakulteitsbestuurder vir Gemeenskapsveiligheid).

A HUGE DREAM becomes a reality up Worcester way ...

The Faculty of Agriculture at Worcester Campus believes in practical hands-on training and has for long had a dream to bottle its own wine. This dream has now become a reality...

In 2007 the first vineyards were planted on the agriculture terrain. The entire process coincided with the curriculum which started with the meticulous preparation of the soil followed by planting, fertilisation, trellising, irrigation, and pruning – and after three years of nurturing, the harvesting and pressing.

The first harvests of Colombar and Chardonnay were quickly snatched up by nearby wine estates. However, the group had set their mind on bottling their own Pinotage

and Merlot blend.

The students were assisted in making this special wine the traditional way by well-known winemaker, Johan Pieterse of Skoolplaas who ploughed in his knowledge and expertise – this, for instance, also meant that it was pressed through hard labour and with clean feet!

After it had matured, no less than 60 individually numbered bottles became instant collectors' items and were used as marketing material and corporate gifts.

Commented Christo Cordier, Worcester's Campus Manager: "This is what colleges are about, to practically facilitate learning while showing industry that we do not only impart book knowledge to students, but also involve them in the practise needed to do the job very successfully."

■ Pictured below left are a number of proud Agricultural students with some of the wine produced on the Worcester Campus.

Agriculture is one of the flagship programmes offered at Worcester Campus. Contact Morné Meyer on 023 348 6920 to apply. Make an effort to visit us in Worcester – it's always very pleasant visiting a region where good wine is made!

Worcester spog met moderne fasiliteite

Die Meganiese Ingenieursfakulteit op die Worcester Kampus beskik oor Merseta geakkrediteerde werkwinkels en is met die nuutste en mees moderne toerusting toegerus. Worcester bied die student – op voltydse en deelydse basis – die geleentheid om hom-/haarself vir die motor- en sweisnywerheid voor te berei.

Alle voornemende studente in Motor en Sweis met 'n minimum kwalifikasie van Graad 9 kan vir dié driejarige NSB vlak 4 beroepsgerigte kwalifikasie op die Worcester Kampus registreer. Werkgewers wat vakleerlinge in hulle diens het en die minimum kwalifikasie benodig vir die aflê van 'n vakttoets, kan die werknemer van 2011 af vir die teoretiese program op N1 tot N3 in Sweis, Motor, Siviël en Elektries by hierdie kampus registreer. Leerderskappe in Motor en Sweis kan nou ook hulle NQF vlak 2-kwalifikasie by Worcester verwerf.

State of the art facilities

The impressive Protea restaurant on the Boland College Paarl Campus, officially opened in 2008, is the flagship for the Hospitality and Catering Services Programmes offered at Paarl. Students enrolled for the National Certificate: Hospitality and Catering Services (N4-N6) and the National Certificate (Vocational) Hospitality programmes are also able to make use of the Protea's state of the art equipment. The Protea has five sections: the industry sized kitchen, plush dining area, reception area, the lounge, the bar area and elegant guest rooms. The latter are a simulation of what a student would experience in the guest house and hotel industry should they one day land in such an environment after graduating.

Become part of the burgeoning food industry – it's arguably the most exciting and fast growing industry in the world offering umteen opportunities to those striving to become top chefs.

HUIS BRUWER – meer as net 'n koshuis

Boland Kollege Paarl Kampus het nie net 'n koshuis waar jy kan bly tydens jou studietyd by ons nie – ons het vir jou 'n tuiste genaamd Huis Bruwer.

Huis Bruwer, wat gerieflik naby die Paarlberg- en Drakenstein-dele van die Paarl Kampus geleë is, huisves mans- en vrouestudente wat elk hulle eie vlakke in die koshuis het. Dit is die tuiste vir studente wat enige van Boland Kollege Paarl Kampus se programme, wat Bemerkingsbestuur, Bestuursassistent, Finansiële Bestuur, Gasvryheid en Spysenieringsdienste, Kantooradministrasie, Menslike Hulpbronbestuur, Siviele Ingenieurswese en Boukonstruksie, Toerisme en Vroeë Kind Ontwikkeling insluit, wil studeer.

"Ons glo om die student se verblyf in die koshuis soos sy eie huis te laat voel deur vir hulle aktiwiteite aan te bied en geleenthede te skep wat hulle laat ontwikkel en aanmoedig om deel te word van die Boland Kollege Paarl Kampus-gesin en hul tyd saam met ons te geniet," sê Riel

Stofberg, Superintendent: Huis Bruwer.

Hierdie aktiwiteite sluit in die nou reeds bekende Mnr en Mej Swartsak-kompetisie, eerstejaarsverwelkoming en die jaarlikse Huis Bruwer Bal om maar enkele te meld wat deur die Huiskomitee van Huis Bruwer gereël word.

So, indien jy dalk by Boland Kollege Paarl Kampus wil studeer, maar nie geweet het waar jy kan bly nie, staak gerus die bekomernis, want Huis Bruwer is daar vir jou.

Boland Kollege het koshuise by die Paarl, Stellenbosch, Caledon en Worcester Kampusse.

Pret op die Paarl Kampus...

To assist in moulding the students of tomorrow ...

Should you wish to be trained to teach young minds of the future, and assist them in reaching their potential, then three of Boland College campuses have the programme that would fit you like a glove – the Early Childhood Development (ECD) programme.

This three year National Diploma Programme offers students the chance to become a grade R teacher, be an au-

pair or even a tutor for children with special needs. Your programme will be both theoretical and practical as you will be part of a Grade R class or an after care centre that will help you to become accustomed to an environment similar to what you will be in when you complete this three year programme.

"We believe that we offer the best hands-on training for these students

and know that they will be able to impart so much to those young lives that they will be working with," says Isabelle Groenewald, programme manager: ECD at Boland College Paarl Campus.

The classrooms are designed and decorated to simulate the pre-school environment and boast a drama class equipped with a puppet show mini-theatre, reading corner, dress-up

corner and piano.

Ms Groenewald added: "We are not just developing the students that partake in this programme but also building the minds of the young lives in our community that will one day be the students of tomorrow."

ECD is offered at Boland College Paarl, Stellenbosch and Worcester Campuses.

Me Nomalizo Mtyela, bestuurder van die Stellenbosch Kampus, by sommige van die geskenke wat die personeel ingesamel het.

Stellenbosch Kampus GEE TERUG aan die gemeenskap

Boland Kollege is in samewerking met die Stad Kaapstad en Helping Angels besig met 'n Kersfees Skoeboksinsamelingprojek vir kinders in weeshuise, deurganghuise en plakkerskampe. Die doel van hierdie projek is om dié Kersfees te probeer om in soveel moontlik kinders se lewens 'n positiewe verskil te maak.

Van deelnemers aan hierdie projek word verwag om 'n standaard skoeboks, grootte 7, te neem en daarin speelgoed, opvoedkundige materiaal, kledingstukke, tandeborsel en -pasta, seep en 'n waslap en eetgoed plaas.

Die skoeboks word dan opgemaak en versier. Elke skoeboks is persoonlik en word opgemaak vir 'n meisie of seun van 'n spesifieke ouderdomsgroep. Die ouderdomskategorieë is 0-2 jaar, 3-6 jaar, 7-11 jaar en 12-16 jaar.

Helping Angels beoog om dié Kersfees meer as 1 000 geskenke op 27 November, 16 en 22 Desember uit te deel.

Standard Bank Bemarker van die Jaar kompetisie

Studente wys hul staal

Die jaarlikse Standard Bank Bemarker van die jaar kompetisie is op 13 Oktober by die Boland Kollege Hoofkantoor in Stellenbosch gehou. Tydens hierdie kompetisie het die beste studente van elke kampus meegeding vir die algehele Bemarker van die jaar titel.

Elke student moes 'n bemarkingsplan en advertensie inskyf waarna hulle 'n voorlegging en individuele onderhoud met die paneel beoordelaars moes voer. Hierdie jaar se

bemarkingsplan en advertensie moes betrekking gehad het op 'n Artikel 21 Maatskappy (nie-winsgewende organisasie) in die Wes-Kaap wat die studente self gekies het en wat, deur hulle bemarking, fondse en donasies vir hierdie organisasies kon insamel.

Die wenner van hierdie jaar was Chris Coetzee (Stellenbosch Kampus), 2de plek Chantel Morris (Paarl Kampus) en die 3de plek was gedeel deur Chevron du Toit (Paarl Kampus) en Janneke Beukes (Worcester Kampus).

Ferdie Potgieter (Standard Bank), Chris Coetzee (Wenner van Stellenbosch Kampus) en Ina Van Der Westhuizen (Fakulteitsbestuurder: Ekonomies- en Bestuurswetenskappe).

Bemarkingsbestuur is een van die spogkursusse by Boland Kollege se Stellenbosch Kampus. Doen nou aansoek vir jou plek. Aansoeke sluit 3 Desember.

Satellietkampus onder die GROOT BOOM digby die see

Die Kleinmond-satellietkampus van Boland Kollege Caledon Kampus, is geleë op die terrein van die "Mthimkulu Village Centre." Mthimkulu beteken "groot boom" – en dit is letterlik waar hierdie pragtige kampus geleë is – onder die grootste boom op Kleinmond!

Die kampus het in 2009 tot stand gekom met 'n inname van 30 Kantooradministrasie Vlak 2-studente. Sakepraktyk, kantoorpraktyk, entrepreneurskap en rekenaargebaseerde opleiding vorm deel van die beroepsgerigte kwalifikasie wat hierdie studente kan verwerf. Die praktiese opleiding wat die studente ontvang, stel hulle in staat om direk in 'n kantooradministratiewe werk in te stap. Vir diegene wat hulle eie sakeonderneming bedryf,

bied hierdie opleiding die basis van professionaliteit.

Na 'n suksesvolle eerste jaar, het die Wes-Kaaplandse Onderwysdepartement goedkeuring verleen vir 'n nuwe inname en die voortbestaan van dié satellietkampus.

Die feit dat 'n mens strykdeur bewus is van die magtige oseaan digby, terwyl jy hierdie hoë vlak opleiding ontvang, is beslis nie die enigste rede waarom die driejaarprogram in Kantooradministrasie 'n uitstekende opsie bied vir enige persoon wat ernstig is oor haar/sy toekoms nie.

Kantooradministrasie word ook by die Caledon, Paarl, Worcester, Stellenbosch en Strand Kampusse aangebied.
