

## BURSARY ADMINISTRATION

The DOE FET College Bursary Scheme is administered by NSFAS. The National Student Financial Aid Scheme (NSFAS) is an organisation established by the government in order to administer state funded loans and bursaries on their behalf.

## WHO MAY APPLY

All students enrolled in a vocational programme (NCV) at a FET college may apply. Bursary applications considered under this scheme will be subject to the NSFAS “means test”, which is based on the income of the family group. The parent’s/family’s contribution towards the student’s study costs is called the Expected Family Contribution (EFC).

## VALUE OF BURSARY AWARD

The amount of the annual bursary grant per student is determined annually and is based on the approved fee tariff per individual programme plus a nominal contribution towards the cost of college hostel accommodation.

## BURSARY APPLICATIONS

Application forms may be obtained from the Financial Aid Office at all FET colleges. Opening and closing dates will appear on campus notice boards and in the press.
